NFA: Decision Making for Initial Company Operations (DMICO)

Dates: November 10th – 12th, 2014

Time: 5:00 -10:00 PM

Location: North Slope Fire Dept. Station 1 - 1040 Egasak St. Barrow, AK

Course Description:

This 2 day National Fire Academy course is designed to develop the decision making skills needed by Company Officers to accomplish assigned tactics at structure fires. All activities and scenarios used in this course are based on structure fires. As a CO with the real possibility of being the first to arrive at an incident, the CO's initial decisions will have an impact throughout the entire incident. It is vital that they be able to make good management decisions that have a favorable impact on the eventual outcome. In addition to a possible role as the initial Incident Commander (IC), the CO needs to have a clear understanding of the system, the position they are assigned and their role in the organization if they are to function effectively and help make the system work.

Target Audience: Newly appointed Company Officers

Student Responsibilities:

Each student needs to obtain a Student Identification Number (SID) prior to attending a NFA course. Please follow the link for more information on obtaining your Student Identification Number (SID). [FEMA Student Identification Number](#)

The student or his/her sponsoring agency is responsible for all costs for transportation, food, and lodging. 100% attendance and participation is required.

There are no pre-requests for this course
